## OPEN FORUM

**Condemns Statement.**  
Editor Capital Journal: I observe in the Morning Statesman a statement as follows: "Welsh chosen master-candidate for chief of police honored by Masons." If the above is intended to carry the impression to voters that the Masonic order is because of such election, endorsing any one for political office, it is wholly gratuitous and without a shadow of authority, and will be repudiated by every true Mason and Masons, as such, especially, when in lodge assembled know no man's politics. The moral uplift of humanity is its sole reason for existence. Politics and religion are never divorced or allowed to wield an influence within the confines of a Masonic lodge, and the political twist in the caption, evidently so intended, coming as it does on the eve of election, will be condemned by every true member of the Masonic order.

## HAIL AT SAN FRANCISCO.

San Francisco, Dec. 5.—San Francisco was visited by a lively hailstorm about 10:30 a. m. today. With the hail stones, which were not large, torrents of rain fell. At the tower's height there was a sharp flash of lightning and a heavy thunderclap. The storm was short and local in its character.

Milton establishes a world's record in constituting an all-woman election board to serve at the annual city election December 8, as follows: Mrs. Belle Berry, chairman, with Mrs. H. M. Cookburn and Mrs. W. A. Gent, associate judges, and Mrs. Robert McEwen and Mrs. C. D. Hobbs clerks.

We herewith wish to announce the opening of

## The Markets

The wheat market is decidedly strong. Buyers raised their bids yesterday but the sales were few as growers are confident of still higher prices. This is especially true of country points where there is a deadlock, and no sales are reported. Two sales of five were reported at \$1.13 1/2, a raise of 1/2 cents over Thursday's bids. Oats and barley were strong but showed no changes. Contracts for next year's crops are reported from California, where 600 sales are said to have been contracted at 10 cents. The bid market is at the top, so dealers say, but he is a wise man who can say what the top is for this product. The auto show undoubtedly made the poor man's shoes cost much more, and to have paper instead of leather soles. They have simply cleaned the leather market and will keep it clean until something besides leather can be found for finishing the bubble wagons. Dairy products are unchanged, and so are poultry and eggs. Vegetables are in good supply and prices weak.
